

Enabling GDPR-Compliant Outreach for Cloud Management Growth

**Industry: Cloud
Management Software (EMEA)**

Client Overview:

EuroCloud Solutions, headquartered in Amsterdam, Netherlands, reports annual revenues of €420 million and employs between 850 – 1,300 professionals.

Objective:

To acquire GDPR-compliant contact lists of cloud architects and IT directors in financial services organizations across EU countries.

Challenges:

- Navigating diverse GDPR compliance regulations across multiple EU jurisdictions.
- Struggling with outdated and incomplete technical contact data.

Solution:

- Delivered fully GDPR-compliant, regularly updated contact lists of financial services IT leaders.
- Ensured data accuracy through multi-step verification and compliance auditing.

Results:

- Enabled compliant outreach campaigns across key EU markets.
- Improved campaign efficiency with fresh, accurate technical contacts.

Client Feedback:

"INFO DEPOTS helped us achieve outreach precision without compromising compliance, a critical advantage in the EU market."
